Dedication

We know that advising a class is a trying, difficult job. You are three very special people who have guided our class with unparalleled support, friendship, and love.

Hand in hand you led us through four years of growing and maturing and never failed to be behind us all the way. You have made these years so much more exciting and have been there at every crossroad. When you look back on these times we hope you'll remember our class with the fondest of memories.

Mrs. Wentworth, Mrs. Bracci, and Miss Privitera, we thank you from the bottom of our hearts for everything you have done for us. We love you and we'll never forget you.

Love always,
The Class of '89

Forever Young

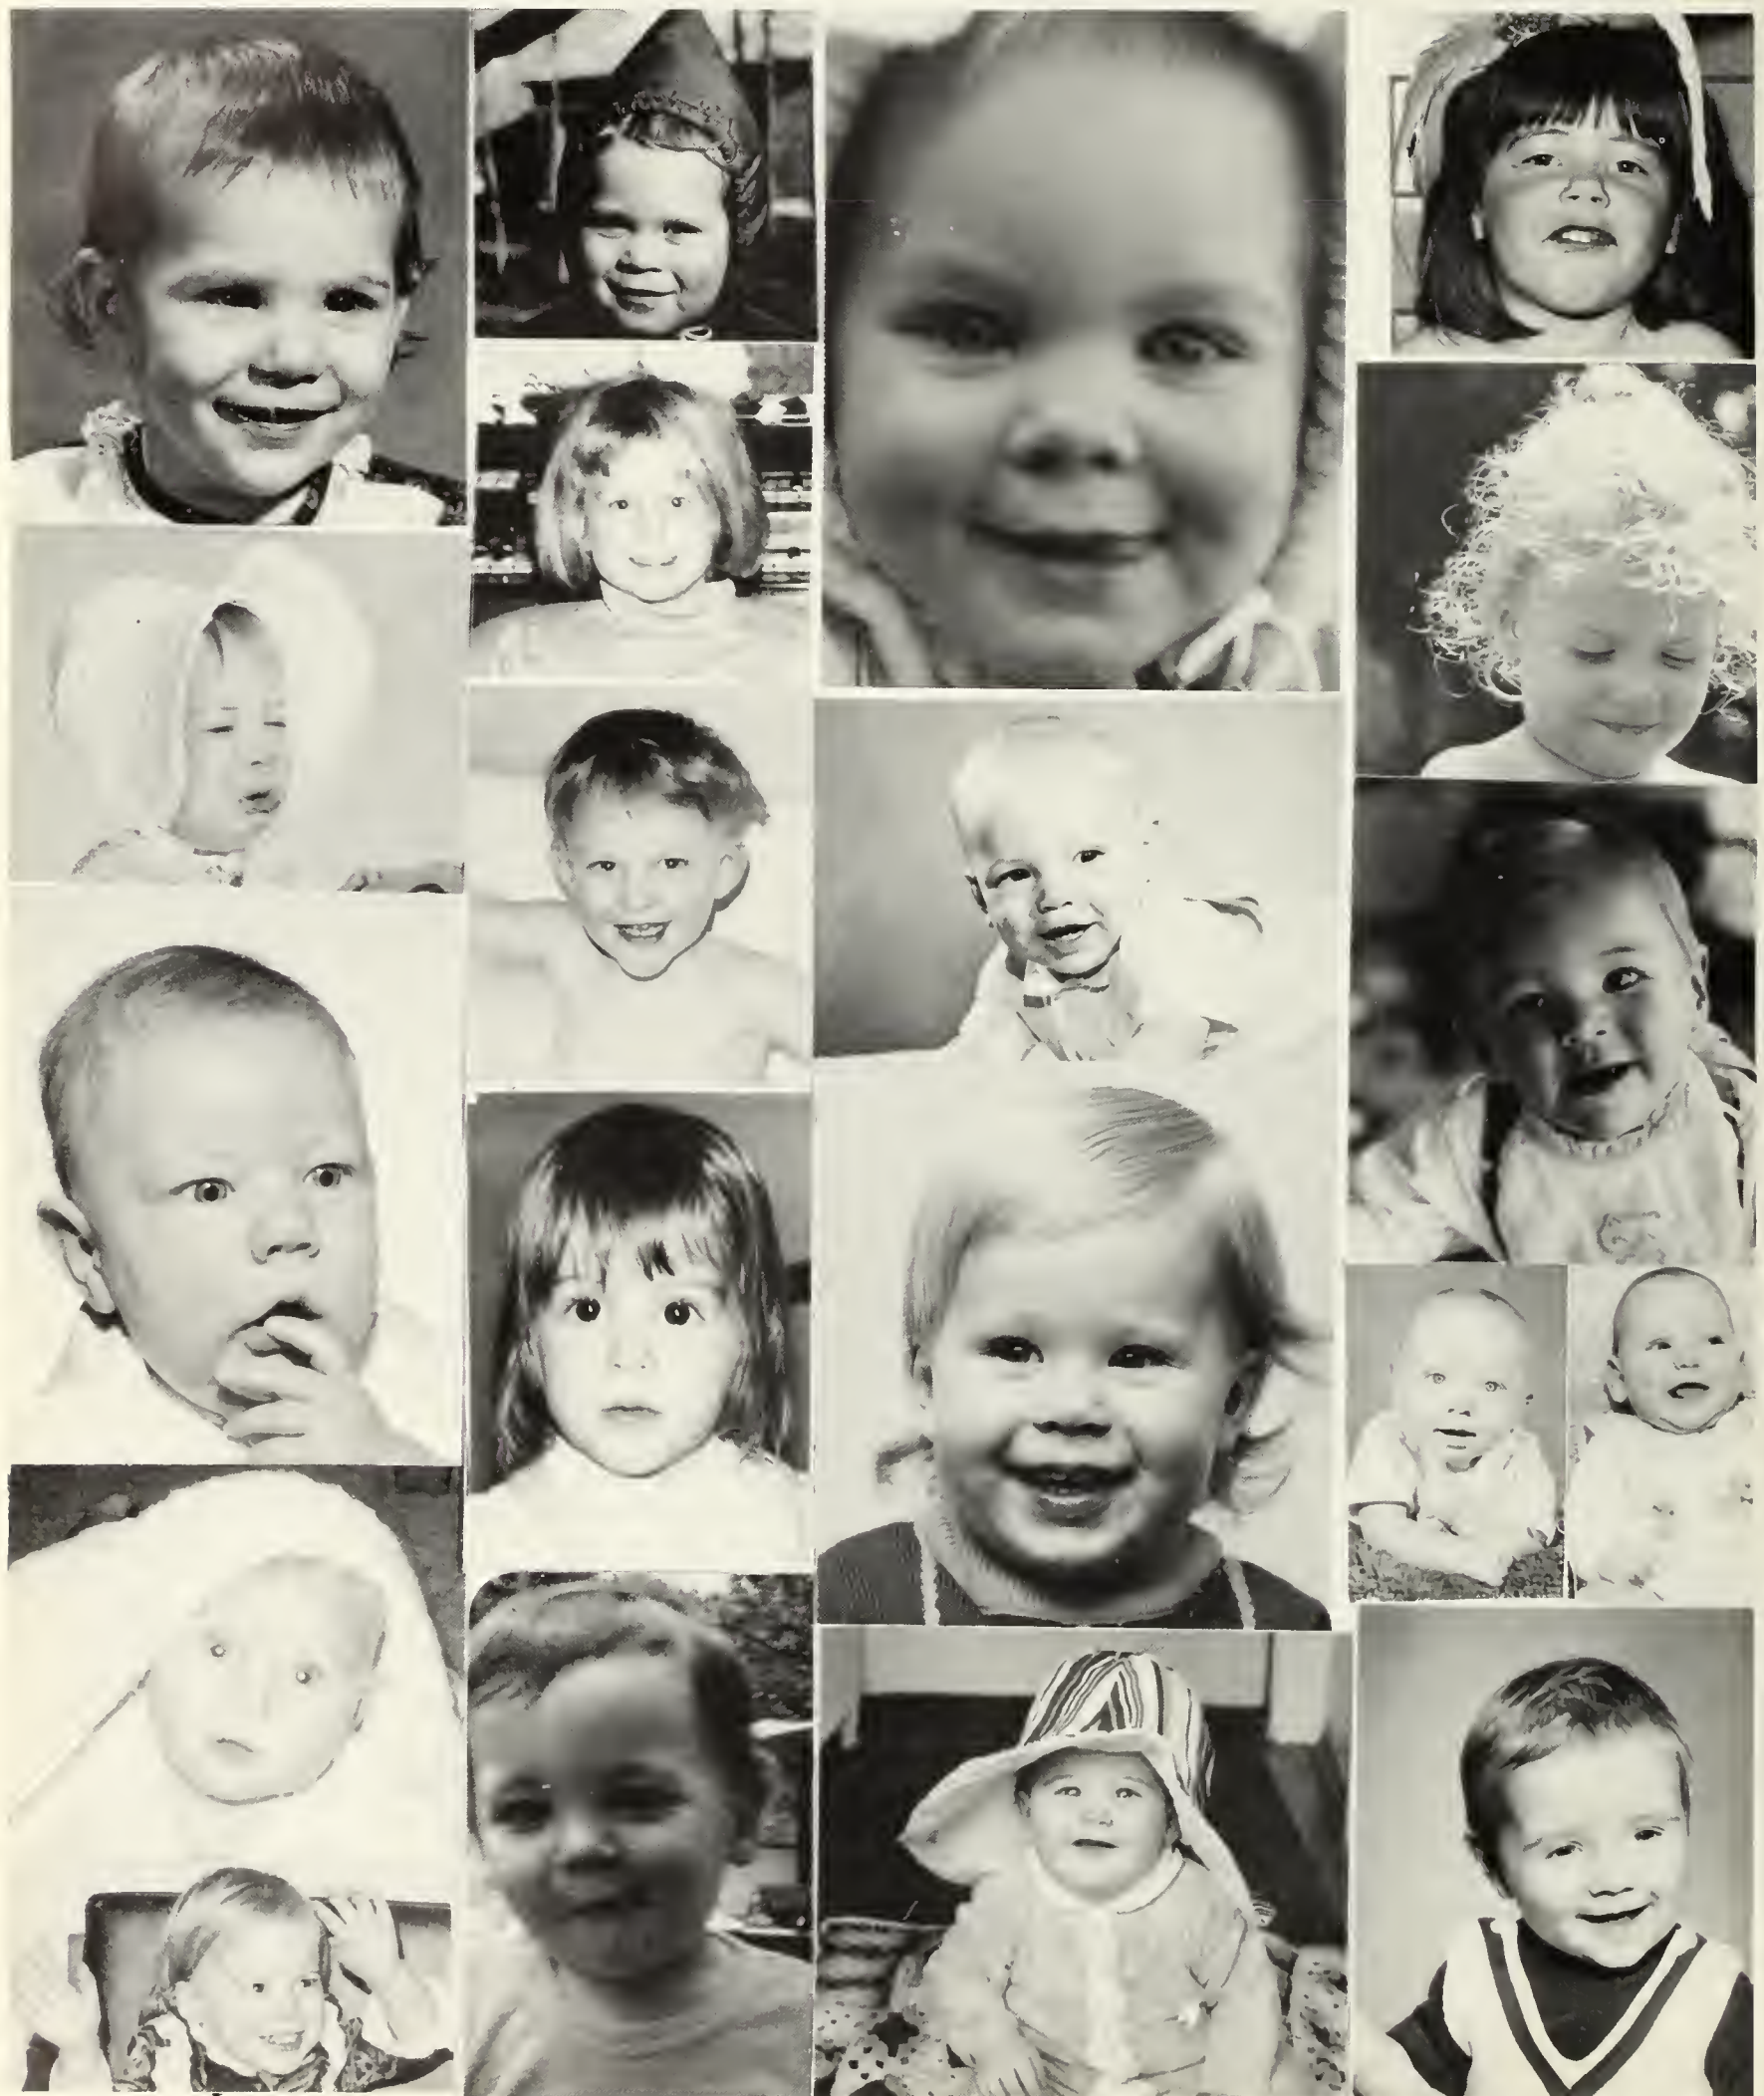

May the good life be with you down every road you roam

SENIORS

And may sunshine and happiness surround you
when you're far from home

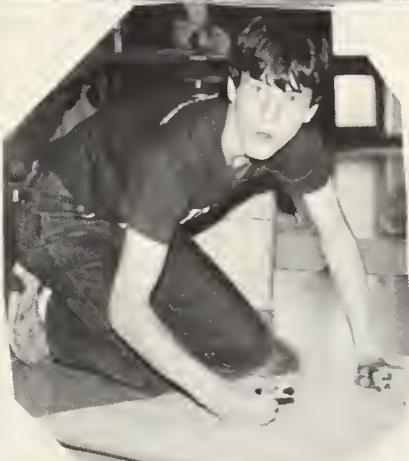

And may you grow to be proud, dignified and true.

Through The Years . . .

Aaron Tekani
A.F.S. Exchange Student
"1989"

The months have flown by since I first arrived here in late January. I can distinctively remember my first few days here, I was introduced to so many people that it took me a while to remember all of the names. My first snowing was another occasion that I will never forget as I spent a lot of time gazing out of windows looking as the snow hit the ground.

I had the opportunity to experience several American traditions such as the senior prom, senior banquet and of course "senior skip day." I enjoyed all of these and I'm glad that I got to share it with the "Class of 89."

I would like to thank the students and faculty for putting up with me and making my stay an enjoyable and memorable one. I would also like to give a special thanks to the Allen family (Robert and Diane Allen, Corey and Kim) for sharing their house with me and making their home mine. Without their kindness and generosity my stay here would not have been possible.

Thanks everyone and Good Luck!

Aaron

Consistence

Is the truest measure of performance.

Almost anyone can have a great day, or even a great year, but true success is the ABILITY to perform day in and day out, year after year, under all kinds of conditions.

Inconsistence will win *some* of the time, consistence will win most of the time.

Consistence requires:

Concentration,

Determination,

Repetition, to be at your best, all the time you must:

TAKE NOTHING FOR GRANTED. If you are not "up" every day, something or someone will knock you down.

TAKE PRIDE IN WHAT YOU DO. The things you do well are the things you enjoy doing.

Take setbacks in stride, don't brood over reverses, learn from them.

Take calculated chances to win, you must risk something.

FAREWELL

Roads go ever ever on,
Over rock and under tree,
By caves where never sun has shown,
By streams that never find the sea;
And through the merry flowers of June,
Over grass and over stone,
And under mountains in the moon.

The road goes ever on and on,
Down from the door where it began,
Now far ahead the road has gone,
And I must follow if I can,
Pursuing it with eager feet,
Until it joins some larger way,
Where many paths and errands meet,
And whither then? I cannot say.

J.R.R. Tolkien

Senior year is always so hectic, as all of the yearbook staff so well knows. When I was selected as Co-editor I was very surprised and perhaps a bit overwhelmed. But I have really enjoyed this responsibility. A lot more artistic talent goes into a yearbook than I originally thought, which is great because I love art.

I'd like to thank you Mrs. Clay and Mr. Luca for all those mornings when you should have slept in. Chrissy, Liza, Al & Denise it was cool working with you. Now I'm looking forward to graduation.

Jessica Allen
Co-Editor

When I first moved here four years ago I didn't know what to expect. Leaving my hometown, I knew that I would leave my childhood and friends behind. After living here for four years I made friends and memories I would never replace. Being chosen as part of the yearbook staff gave me a great feeling as being accepted to the class of '89 at G.H.S.

After working long hours on this yearbook I hope the pages bring back special moments of your high school years. When years go by I hope you can look back and think of our class united. I wish you all the luck in the future. Farewell class of '89 till the 5th.

Denise Leva

Compiling this yearbook was a project that took a great deal of time and effort. Although it was a tremendous amount of hard work, the people I worked with made it a thoroughly enjoyable experience. Many thanks to Mrs. Clay and Mr. Luca for all your help and harassment. Jess, Denise, Liza, and Al, you guys have been great. You put up with all my fits of yelling and

screaming and never once yelled back. This project just wouldn't have been the same without all your help and support.

Class of '89, we are it! We are lifelong friends. I hope many of your most treasured high school memories have been captured in this precious memento of our years together. If you are half as proud of this yearbook as I am, I'll know our hard work was well worth it.

Finally, thanks Mom and Dad for putting up with me. I know it's been rough at times. Amy, you're a great sister and friend (most of the time!). I love you guys!! Many thanks to my best friends whose unyielding support got me through these sometimes difficult four years. I Love you and will never forget you.

Best of luck, '89, you have helped to create many special memories I will carry with me forever. I hope you succeed in everything you do.

Love always,
Chrissy Ressel,
Co-Editor
